

Matt McGloin *Charity Golf Tournament*

**Proceeds for the 2022 Matt McGloin tournament
will benefit**

For the past 44 years, Scranton Primary Health Care Center has been the only Federally Qualified Health Center in Lackawanna County. Offering care to patients regardless of their ability to pay, they provide pediatrics, family and internal medicine, women's health, pre-natal and postpartum services, gynecology, infectious disease care, behavioral health, general dentistry, and ACA counselors to assist people navigating the insurance marketplace.

In 2021 alone, Scranton Primary Health Care served over 16,000 patients, which resulted in approximately 49,020 visits to their health center. They happily serve and welcome everyone from the homeless to the uninsured and underinsured, to patients with private insurance.

This year's tournament will help fund their construction/expansion project capturing 5,000 square feet of unused space. This will allow for the expansion of their dental clinic, primary care and behavioral health departments. Included in this project will be the construction of a second handicap accessible entrance with elevator.

We appreciate your support for this for this very worthy cause.
